

## Education and awareness resources

### Supplementary information

#### Canadian Model for Providing a Safe Workplace – Version 6.0 – July 1, 2018

The purpose of the Canadian Model for Providing a Safe Workplace (Canadian Model) is to contribute to a safe workplace for all workers by reducing the risks associated with the inappropriate use of alcohol and drugs. This supplementary information is intended to help create awareness and enhance understanding of the Canadian Model. If there is any lack of clarity or apparent conflict between the supplementary information and the Canadian Model, the terms of the Canadian Model Version 6.0 shall prevail. For more information, visit [coaa.ab.ca](http://coaa.ab.ca) and [EnergySafetyCanada.com](http://EnergySafetyCanada.com).

---

Education and awareness are critical to helping workers gain a greater understanding of the actual and potential work site risks related to the consumption or use of alcohol or drugs. In addition to the resources posted on the COAA and Energy Safety Canada websites, see the following links for educational resources:
