

Industrial Construction Projects  
>100 MM Cdn (2004Q1 - 2010Q4)  
Generated 2006-04-06 17:33

This graph was generated by the Construction Sector Council (CSC) Labour Market Information (LMI) forecasting website in partnership with the Construction Owners Association of Alberta (COAA) and is based in part on information not within the control of these CSC/COAA. CSC/COAA has not made an analysis, verified, or rendered an independent judgement of the validity of the information obtained from outside sources. CSC/COAA does not guarantee the accuracy of this graph and use or reliance upon this graph for any reason by any party shall constitute a release and agreement by such party to defend and indemnify CSC/COAA against any liability (including but not limited to liability for special, indirect, consequential damages) in connection with such use whether arising in contract, tort, strict liability, or other theory of legal liability to the maximum extent, scope or amount allowable by law. Notwithstanding the foregoing, neither the graph nor any portion of the graph nor any information contained therein may be used in connection with any proxy, proxy statement, proxy soliciting material, prospectus, Securities Registration Statement or similar document without the express written consent of CSC, except as may be required by law. In no event shall the name of CSC be used without CSC's prior written consent.
