

COAA
Construction Owners
Association of Alberta

CONSTRUCTION OWNERS ASSOCIATION OF ALBERTA

Providing leadership to enable the Alberta heavy industrial construction and industrial maintenance industries to be successful in our drive for safe, effective, timely and productive project execution.

This is achieved by:

- Stimulating positive change based on shared vision
- Providing a forum for dialogue, common understanding and shared vision among owners, contractors, labour providers and government
- Creating and championing implementation of Best Practices in the construction industry
- Bringing new ideas to the construction industry and government leaders

DID YOU KNOW?

The COAA Library contains approximately **30 Best Practices** and **more than 550 documents** and resources, including Power Point Presentations, Tools, Templates, Best Practices and more! Check it out now! Visit www.coaa.ab.ca/library/.

CONTACT US TODAY!

We are committed to improving the safety and productivity of Alberta's construction industry. Do you have a question, want to know more about the association, or want to share your own success story? We'd love to hear from you.

VISION

Excellence in Alberta heavy industrial construction and industrial maintenance

VALUE PROPOSITION

Founded in 1973, COAA is unique – as no other such organization exists in North America – and has a track record of industry-changing accomplishments

ALIGNMENT

COAA draws together owners, engineers, contractors, labour providers and material suppliers for industry dialogue and cooperation – developing industry-wide best practices

ADVOCACY

COAA champions balanced perspectives and speaks with one voice on important industry initiatives and public policies; fostering strong working relationships with government

ACTION

COAA is strategic and action-oriented:

30+ Best Practices issued, including a number of global 'gold standards'

24+ Annual Best Practices Conferences

Current call to action: Twice as Safe, Twice as Productive by 2020
